

The NEW LabCorp Patient™ portal is an easier way to securely view your lab test results, pay your bill and more from your mobile device or desktop.

## GETTING STARTED

Visit <https://patient.labcorp.com> or download the app on your mobile device

### Step 1 CLICK “CREATE MY NEW PORTAL ACCOUNT.”

Create Your Free Account

Register Now

[How to Register Guide](#)

All users must create a new account in the new LabCorp Patient™ portal. You may have previously registered to use LabCorp Beacon®: Patient, but to use the new portal, a new account is required. All results from your old account will be available in your new LabCorp Patient™ account. You can continue to use your existing LabCorp Beacon®: Patient User ID as your new patient portal User ID.

Create an account by completing the New Registration Form. You have the option to use your last four digits of your Social Security number or a valid Driver's License number to verify your identity. After you have completed the New Registration Form, click Create Account.

### Step 2 VERIFY YOUR ACCOUNT

After creating your account, you will be directed to a page to verify your account using a One-Time Verification Code, which can be sent to you via text message or email. Click the option you prefer and follow the steps below based on your choice.

#### Text Message

To verify your account by text message, click the agreement box and then enter the mobile phone number to receive your One-Time Verification code. When finished, click “Send Text.”

#### Email Verification

To verify your account via email on a desktop, you must open a new tab within your browser. DO NOT close the New Registration Form or click the back button on your browser.

Retrieve the code from your email or mobile phone and enter it on the verification page, then click “Verify.” The Account Created page will open where you will be able to login to your account.

### Step 3 VERIFY YOUR ACCOUNT

On the Account Created page use the User ID and Password you created on the New Registration Form, then click “Login” to access your LabCorp Patient™ Portal.

If you are unable to use the LabCorp Patient™ app, or prefer not to, please call LabCorp at 1-800-762-4344 and follow the prompts to receive your test results.
